### How is your proclamation is of interest and/or benefit to the citizens of Kingston?

Multiple Myeloma Action Month raises public awareness of a serious but often overlooked cancer affecting a growing number of Canadians, including residents of Kingston and the surrounding region. The proclamation helps inform the community about myeloma, encouraging earlier diagnosis, and highlights the importance of access to innovative treatments and clinical research. It also recognizes the many Kingston residents—patients, caregivers, families, volunteers, and local support groups—who are directly impacted by the disease, and connects them to resources offered through Myeloma Canada.
