3. Support for National Marine Conservation Area for Lake Ontario

Resolution Number: 2026-171

Moved by: Councillor Osanic

Seconded by: Councillor Cinanni

Whereas Lake Ontario is a vital natural resource that provides recreation, supports the economy, and serves as a critical habitat for numerous species; and

Whereas the Kingston area is home to unique cultural and historical shipwrecks such as the George A. Marsh and the Eureka shipwrecks, which represent significant heritage assets that contribute to local tourism and community identity; and

Whereas geographically, Kingston is the confluence of three major water transportation routes – Lake Ontario, the St. Lawrence River and the Cataraqui River that leads to the Rideau Canal; and

Whereas the establishment of a National Marine Conservation Area (NMCA) under Parks Canada would ensure long-term protection and sustainable management of Lake Ontario's unique ecosystems, cultural heritage, and biodiversity, while supporting tourism, economic opportunities, and traditional uses in harmony with conservation; and

May 19, 2026

Whereas Nature Canada will make a presentation to Kingston Council on May 19, 2026, highlighting the ecological, cultural, and economic benefits of an NMCA for Lake Ontario and its surrounding communities; and

Whereas a feasibility assessment is necessary to evaluate the suitability of Lake Ontario for the establishment of a National Marine Conservation Area, including the potential environmental, economic, and social benefits of such a designation;

Therefore Be It Resolved That the Council of the City of Kingston supports and requests the federal and provincial government undertake a comprehensive feasibility study on establishing a National Marine Conservation Area (NMCA) in Lake Ontario to protect ecological health, enhance sustainable tourism, and preserve cultural heritage around Kingston; and

That a copy of this motion be sent to the Honourable Julie Dabrusin, M.P., Minister of Environment, Climate, Change and Nature, Mark Gerretsen, M.P., Kingston and the Islands, the Honourable Doug Ford, M.P.P., Premier of Ontario, the Honourable Todd McCarthy, M.P.P., Minister of the Environment, Conservation and Parks, Ted Hsu, M.P.P., Kingston and the Islands, John Jordan, M.P.P., Lanark-Frontenac-Kingston, the City Quinte West, City of Belleville, Mohawks of the Bay of Quinte First Nation, Town of Deseronto, Loyalist Township, Town of Greater Napanee, Town of Brighton, the Cataraqui Region Conservation Authority, and the Great Lakes and St. Lawrence Cities Initiative.

4. Reestablishing Council Direction on the Official Plan

Moved by: Councillor Glenn

Seconded by: Councillor Osanic

Whereas the proposed New Official Plan for Kingston will guide growth, land use, infrastructure investment, environmental protection, and housing policy for decades to come; and

Whereas the decisions associated with the New Official Plan, including any proposed urban boundary expansion, carry significant long-term financial, environmental, servicing, and community impacts; and

May 19, 2026

Whereas additional information respecting infrastructure servicing costs, lifecycle financial obligations, environmental impacts, and fiscal implications is still being reviewed or developed, with certain supporting studies and policies anticipated in mid to late June, or in the fall; and

Whereas the staff report accompanying the next draft of the New Official Plan, which provides context, analysis, and interpretation of the draft, will be only be released approximately one week prior to the June 30, 2026 Special Meeting of Council; and

Whereas these short timelines provide inadequate time for community members and Council to meaningfully review, consider and provide feedback to such a complex and consequential document prior to final adoption; and

Whereas maintaining flexibility within the planning process is prudent to ensure that future analysis or updated information may support modification or contraction of proposed urban boundary expansion areas;

Therefore Be It Resolved That the Special Meeting of Council currently scheduled for June 30, 2026 to consider the proposed New Official Plan be designated as an information and discussion meeting only, with no final adoption vote to occur at that meeting; and

That final consideration and adoption of the New Official Plan be deferred to a special meeting of Council to be scheduled for September 29, 2026; and

That staff continue public engagement and technical review during the intervening period and report back to Council with updated information, where available, respecting infrastructure servicing and lifecycle costs, fiscal impacts associated with growth scenarios and urban boundary expansion, natural heritage and environmental considerations, opportunities for intensification within the existing urban boundary, and public feedback received through the consultation process; and

That staff be directed to ensure that the New Official Plan explicitly recognizes that any proposed urban boundary expansion remain subject, at minimum, to a review in five years' time, and that any future review consider the potential contraction of the urban boundary based on updated analysis, infrastructure considerations, environmental impacts, affordability concerns, and revised growth projections.

Resolution Number: 2026-172

Moved by: Councillor McLaren

Whereas an application for illumination was submitted by Manamendra Medawattegedara, President of Sri Lankans in Kingston, on February 16, 2026, to illuminate First Capital Place on May 29, 2026, in recognition of Vesak Festival and the request was declined because it was not submitted by the January 31, 2026, deadline;
